

I am writing to express my support for the K-LOVE FM service on 99.3 FM in Fremont, CA. K-LOVE is a benefit to the public interest by providing encouragement to the Christian community and evangelism to the unchurched. They provide current news and information from a Christian perspective, which is hard to find in the overall media. They also provide counseling through full-time staff pastors for anyone needing support or advice, or is in a crisis situation (i.e. considering committing suicide).

K-LOVE is a valued and needed member of the local broadcasting community. Please take whatever steps are necessary to preserve their service in Fremont and across the country.

Thank you.

Regards,

Paul T. Brown  
Christian lay minister/evangelist  
K-LOVE financial supporter
